Well water in Elkhart County, Indiana

59% of 65 Sites High in Manganese

High Risk Wells here often exceed a health limit. Based on 20 wells tested. Confidence: Moderate. Top concerns: Arsenic, Iron, Manganese.

What tests found

SUBSTANCE	TESTED	OVER THE LIMIT	RISK
Health concerns			
Arsenic	20 wells	10%	**High risk**
Everyday water problems			
Hardness	78 well sites	96%	**Very common**
Iron	20 wells	60%	**Very common**
Manganese	65 well sites	58%	**Very common**

Low risk here: Nitrate, Lead, Fluoride, Mercury.

Rarely over the taste level here: Sodium, Chloride, Sulfate.

Tested in too few wells to rate: pH. The county page has every result.

What this means

Arsenic: Drinking water with arsenic for many years can cause skin problems and raises the risk of some cancers, including skin, bladder and lung cancer. A reverse osmosis filter at the kitchen tap, or a whole-house arsenic filter, can remove it.

Iron: Iron leaves orange or brown stains on sinks, toilets and laundry, can make water taste metallic, and can clog pipes and fixtures. It is not a health risk. A water softener handles small amounts; an iron filter handles more.

Manganese: Manganese leaves black or brown stains and can make water taste bitter or metallic. At high levels it can also affect health, especially for babies, so use other water for baby formula if your well is high. An oxidizing filter or a water softener can remove it.

What to test for

Make sure the test covers arsenic, iron and manganese. Test for bacteria and nitrate every year.

Only a test can tell you what is in your own well. A well next door can be different.

Where to get a test

Certified labs near Elkhart County:

- Scientific Methods Inc., Granger · 574-277-4078 · about 17 miles
- Your Environmental Services LLC, Mishawaka · 574-272-8484 · about 18 miles

Local help

Elkhart County Health Department · 877-523-2283
elkhartcountyhealth.org

Indiana has no statewide rule for testing private wells, even when a home is sold. The state health department recommends testing at least once a year.
